

## Kids on Safari

At Thornybush, we welcome children under 12 years old to stay at Thornybush Game Lodge and Kamara House. Children may be permitted to stay at our other lodges under exceptional circumstances, and careful consideration. Please enquire with your booking agent.

### OUR CHILDREN'S PROGRAM

may comprise of the following:

Allocating family groups to guides who enjoy interaction with younger guests.

Provide a child-friendly menu/meal options upon request. Special dietary requirements are catered for as a standard.

Receive a complimentary kids pack on arrival. This keeps kids entertained and occupied during their stay, plus teaches them a thing or two about the bush.

When possible, drives and activities can be tailored to suit children's interests and attention span as we know our drives can be long and we want the most out of your kid's stay with us. \*\*Please note that kids under 6 years are not permitted on game drives.

Baby sitters and child minders are available at an additional cost.

### Additional interactive activities include:

**Baking** - Children get to create a wonderful array of biscuit shapes, baked by our team and served at tea, to be enjoyed by all! Leftovers are the perfect snack to take with you on an afternoon safari.

**Bush walks** for kids under 16 will be taken around the lodge property. These are designed to focus on the smaller details of the bush and include learning about some bush skills. Our trackers ensure that the walk is both interactive and fun, whilst making sure that children are kept safe in the immediate surrounds of the lodge.

All above is included in our standard tariffs \*\* unless otherwise stipulated.
